

St Serfs Church Halls

Theatre license for 200 seat auditorium
All on one level except stage area

St Serfs Church Hall, Stage Dimensions

**All Dimensions are approximate
NB the stage has a rake of approx 100mm**

St Serf's Church Halls work well as a theatre with the Main Hall licensed for up to 200 seats. The adjacent small hall is used as the café during intervals with the rooms at the rear of the stage providing dressing room facilities.

The Main Hall seating is normally arranged as 5 rows of 12 seats and 10 rows of 14 seats.

The lighting and sound can either be controlled from the wings or the back of the hall.

Links to the back of the hall include: -

- a) DMX link for lighting (5 pin XLR)
- b) 8+4 way XLR sound cable individually screened
- c) 4 x speaker unscreened ¼" mono jack links.

The stage is typically set up with

Main House curtain with hand winch (SR) and dark green house tabs.
Two Traverse curtain rails with rope pulleys (SR) and black traverse tabs.
Three Swipe Tracks
Three Black Borders
Six Swivel brackets with black legs

Scaffolding tower , available by arrangement to access FOH lights.
Aluminium ladders for on stage use.

Lighting Controls

- 1) 24 channel lighting desk (Behringer LC2412)
- 2) 24 channel, DMX controlled, 1kW dimmer rack and patch board.
- 3) 1 off 12 way FOH lighting bar,
- 4) 3 off on stage, 6 way lighting bars,
- 5) 2 side lighting positions in the Main Hall.

Sound

- 6) 2 x 150W RMS speakers mounted at proscenium arch in the Main
- 7) Hall Induction loop system with microphone amplifier and feedback to dressing rooms.
- 8) CCTV system (basic) with one camera and UHF feed to dressing rooms.

Subject to separate negotiation, the following equipment, belonging to St Serf's Players may be available: -

50 lanterns
50 extension leads/ adapters
4 Stands
PC based lighting controller
Additional 8 x 5A dimmers
