

One Act Play Festival

Adjudicator Feedback

- Adjudicators are requested to encourage and improve the endeavours of the participating teams by positive and constructive criticism.
- The adjudicator will award marks strictly in accordance with the approved SCDA marking criteria.
- The adjudication is of the performance, not the play chosen by the team. The adjudication should not take account of any other factors (e.g. a young and inexperienced team should be treated in exactly the same way as all others)
- The marking system is as follows:-

Acting	40 marks
Production	35 marks
Stage Presentation	15 marks
General Achievement	10 marks
TOTAL	100 marks

- The Adjudicator is required to give a public adjudication of between 5 and 10 minutes and a private adjudication where appropriate (at which the Adjudicator's Steward will introduce each team to the Adjudicator and remain present throughout the meeting and if necessary set a time limit on each private adjudication).

SCDA introduced this form, after much careful thought, with the intention that it will provide helpful feedback to Adjudicators. It should be completed by the director (or club official) and sent to festivals@scda.org.uk within 14 days. Note that this is different from previous practice. It is advisable not to fill in the form immediately but allow some time for reflection and discussion with others.

Do not use this only to be negative - positive feedback is every bit as helpful.

The organising committee should also complete a form with their overall view and also send it to:- festivals@scda.org.uk
